Escrito por leinad - 23/03/2011 00:49

Pues hoy visitando una armeria me encuentre estos dos paquetes, siluetas metalicas con formas de animales de la marca gamo, no son muy antiguas pero parecen los predecesores de las de field target ,el precio que esta en pesetas es lo que me cobraron por ellas , toda una suerte y al final lo que parecia una dependienta con mala leche se convirtio en una tia muy maja y enrollada que asta me regalo un par de cosillas :laugh: no se que las doi...jajaja

Hola,

Al parecer, tirar a siluetas es algo adictivo, por lo menos en EUA y Inglaterra.

Saludos

Pues a ver si con un amigote y una maquina de soldar nos hacemos algo chulo, estilo reseteables.

Teneis algun plano por ahi o sistema ??

La verdad que me da pena abrir las bolsas , no se si dejarlas tal cual en el trastero y esperar 20 años para venderlas como vintage un saludo ;)
