

botellas 300 bares 2ª mano

Escrito por DaniT - 26/01/2012 20:45

Hola a tod@s. Sobre lo que os comente de las botellas, os dejo la contestación que me enviaron. Mire en A. Alvarez, y parece que las tienen más baratas.

Daniel, muchas gracias por tu interés. Efectivamente tenemos las botellas de 300 bar, pero no podemos venderlas, ya que no han superado las pruebas de dilatación volumétrica. Sin embargo representamos una nueva marca y podemos ofrecer unos precios especiales muy buenos en botellas nuevas, de 300 BAR, que te indico a continuación:

BOTELLA DE ACERO 300 BAR - 6 LTR.

PRECIO 1 UNIDAD: 248,00 €

PRECIO 5 UNIDADES: 210,00 €

BOTELLA DE COMPOSITE 300 BAR - 6,7 LTR.

PRECIO 1 UNIDAD: 595,00 €

PRECIO 5 UNIDADES: 450,00 €

Los precios son para botellas nuevas que cumplen toda la normativa y con certificados de homologación, y os las entregamos llenas. El precio para cinco botellas puede ser combinando ambos tipos de botellas (3 composite / 2 acero). Al estar la presión a 300 bares, la duración de la botella para vosotros, sería mucho más grande, además de que os ocuparía muchos menos. Tenemos las botellas en stock, por si queréis verlas.

Espero que esta oferta os pueda interesar.

Saludos.

ASTURTECNIA, S.L.

Si las quieres mas baratas, habla con Airsub directamente, son fabricantes y los que se las sirven a Alvarez y son bastante mas baratas (la mia de 7L puesta en casa creo que fueron 198 € justos hace un año).
