

hatsan AT44

Escrito por rocoll - 02/08/2012 11:38

Hola tengo una carabina Hatsan Modelo AT 44

El problema es que se me han estropeado las juntas que están situadas en la boquilla que se enchufa en el deposito pcp.

He probado varias juntas pero ninguna funciona.

Me gustaría, si alguien sabe donde se pueden comprar repuestos de esta marca y modelo me informe gracias.

Pues si, acércate a una tienda que venda rodamientos o similar (ferretería industrial) con las toricas viejas y te darán unas nuevas y listo.

saludos
