

NECESITO UN VISOR

Escrito por juanle - 12/12/2014 00:15

Buenas noches, este fin de semana he empezado a tirar a 50 mts (a 25-30 mts. ya empiezo a cogerle el tranquillo) con la Lynx MKII y me he dado cuenta de que el visor Leapers 3-9x40 que viene con el kit, se me queda insuficiente, como alguno ya me había apuntado, a pesar de tener una pinta magnífica.

Me gustaría que me aconsejáseis que me conviene, para la carabina en cuestión y tener posibilidades con blancos a 50-70 mts.

Me pensaba gastar alrededor de 200.-€ entre visor y montura, no busco virgerias, sino algo fiable y sin complicaciones.

Yo compro bastantes cosas en la página de Dealextreme y allí he visto uno, el mejor que tienen, que quizás me convenga, aunque lo de la iluminación me parece una chorrada, está en:

<http://www.dx.com/es/p/yukon-10-40-56-riflescope-170815#reviews>

La verdad es que me siento cómodo con el sistema de mildots, pero por lo visto, sin tener rueda de paralaje, las posibilidades de precisión se reducen

Gracias por vuestros consejos, a ver si en Navidades tengo un hueco, me acerco al campo de tiro y aprendo algo.

Un saludo

Juan Lestón

Hola Juanle, al final te animas al visor ???? :laugh: :laugh: :laugh:

La opción que te ofrece Zeus para empezar no es mala con el presupuesto que planteas, además en un año si te puedes permitir invertir algo más podrás vender ese visor sin apenas pérdida. Y Sino tienes

mucha prisa y le arrimas un poco mas seguro que aparecerá algo interesante de segunda mano en muy buenas condiciones.
